bilities**

Perfectly seasoned and ready to work with your menu, Prairie Fresh® Signature pork offers flavorful cuts that make elevating any dish easier than ever. These pork products are available in classic cuts and a variety of flavors to meet your foodservice needs. Most important – they are always tender and delicious.

Put pork on the menu with Prairie Fresh® Signature

Pre-seasoned meat shouldn't compromise your menu offerings. In fact, value-added meat can help address labor costs and streamline operations. And when nearly 70% of operators are concerned with recruiting and retaining qualified employees, Prairie Fresh® Signature products can help reduce the need for specialized labor.¹ Here's what you can expect when you partner with Prairie Fresh:

- An intramuscular infusion blend of lean pork protein and loin fat that creates superior marbling.
- A consistent launch of new, trendy flavors within our portfolio that are driven by data. These added flavors make our pork juicy and tender.
- Cuts of pork that have superb cooking abuse tolerance.
- A pork product that stands up to extended hold times.
- A value-added product that can help reduce the amount of interaction with meat in back of house.
